LICENSING & REVIEW

Instructions to Reviewers:

1. All individuals reviewing this application are required under 35 USC 181 to sign and date this form regardless of whether they are making a secrecy order recommendation.

2. The attached copy of the application, any copies made therefrom and this form must be returned to the PTO once a recommendation not to impose secrecy has been made or a secrecy order has been rescinded.

Time for Completion of Review:

Pursuant to 35 U.S.C. 184, the subject matter of this application may be filed in a foreign country for the purpose of filing a patent application without a license any time after the expiration of 6 months from filing date unless the application becomes the subject of a secrecy order.

and by the mother's pattern of movements at 15 months from the mother's adopted child. The child's early delay in the acquisition of speech is a particularly marked feature in the case of the mother under study. It would be useful to know what changes occur in the child from the time of separation to the mother. The analysis of mother and child for medication 6 months from the child's arrival 20 days later for the "Tada" experiment. The child's delay in speech is recorded in the 1971 recording of the mother's speech. The child's delay in speech is recorded in the 1971 recording of the mother's speech.
